

# Their **HARM** and **Persecution** IS A STEP towards

# OUR

# VICTORY

The Murtaddīn have not yet again failed to heighten their efforts in every area to wage war on Islam and its followers. Their past attempts to eradicate what they fear has been lost in vain multiple times. Then again, they would not learn their lesson. Their plans and commitments are not something new. Rather much greater powers from the east and west have tried and experimented with similar plans across the era and faced horrible consequences. Their exertion brought them nothing but annoyance and apprehension.

How much money will they exhaust before they realize that those slaves whom Ar-Rahmān has chosen as His aiders will remain and expand? Rather Shaitān has deluded them to keep on going with their ways until each of them secures

his position in Hell. Meanwhile, the slaves of Ar-Rahmān are safe from their heinous plans, steady in their creed and standing firm in the face of desperate attempts by their enemies.

The secular factions in the Maldives have seemingly joined their hands once again. They are deluded and fantasize about a country in which an obedient slave of Allah does not exist. This is what they hope and work for.

The past few weeks have been extremely exhausting for the factions of Kufr as they geared up their relentless attempts to persecute the believers. The terrorism they wish to wipe out is only fueled by their spread of mischief and Kufr on land. Their persecutions uplift the certainty which the oppressed have upon Allah. And their gatherings of factions nourish the thirsty throats

of Muwahhidīn as it had during the Day of Uhud.

Allah, the Mighty said; **“Those (i.e., believers) unto whom the people (hypocrites) said, “Verily, the people (pagans) have gathered against you (a great army), therefore, fear them.” But it (only) increased them in Faith, and they said: “Allah (Alone) is Sufficient for us, and He is the Best Disposer of affairs (for us).” (Āl-Imrān:173)**

Rather, the lands where the spread of Kufr and hostility towards the believers have become manifest eventually become the perfect ground for Tawhīd and Jihād. The more the Kuffār fight back, the more they are swept into the pit of war. In the end, they will be drowning so deep that they will not be able to escape it even if they wanted to.

The war has barely begun, yet you find those among the disbelieving factions disagreeing among themselves and splitting up. Where will we find them once the dust of war has eventually risen?

O Muwahhidīn of Maldives and elsewhere. This is a call from your brothers near and far. Do not fear the threats and plans of your enemies. Do not be saddened by their persecutions. And do not be caught by surprise even if you are pursued or apprehended without warning. Did you not attribute yourself to the manhaj of the Mujahidīn while being aware of the consequences and

trials? So, bear for a while and be patient. Do not lose hope if they harm you for your religion. The price of Jihād is heavy, as is its reward. The trials are to be expected and embraced just as how the righteous predecessors have done it. Rejoice and triumph over what your brothers achieve in harming and angering the heads of Kufr.

O brothers in Islam! O those who are being harmed and incarcerated for their religion of pureness! Unite and stand firm as a solid mountain, unlike the factions of Kufr who scatter like cockroaches with every breeze. Know that the darkness of night has increased, and will continue to increase as midnight falls. And know that the darker it gets, the dawn is nearing. The sun will eventually rise – by the permission of Allah – to a day that the Muwahhidīn can once again walk with their heads held high. On that day the Muslims will live with honor and dignity. But it can only be achieved by your blood, efforts, sacrifices, and patience. Therefore, increase in resilience and adapt your strategies as needed, being vigilant to remain unaltered upon the blessed methodology of Prophet Muhammad (PBUH) and his beloved companions (RadiAllāhu ‘Anhum).
